Dear Lake Nona Residents:

I am writing to update you regarding the Aviation Authority's application pending before the South Florida Water Management District as to the East Airfield property at Orlando International Airport.

The District informed us that the date for the public hearing to be held regarding our permit will be changed by a few weeks. Some of you know that the hearing had been anticipated to be held on May 19, 2010. The District is now looking at a date in early June.

While I am certain you will receive general public notice from the District of the date and time of the hearing, I will make sure to notify you in this fashion.

Sincerely,

Steve Gardner, P.E.  
Executive Director
