

**ORLANDO  
INTERNATIONAL  
AIRPORT**

**GROUND TRANSPORTATION UPDATE**

**APRIL - MAY 2017**

**AIRPORT OPERATIONS  
GROUND TRANSPORTATION SERVICES**  
(407) 825-2622 or (407) 825-2666 (After Hours)

Section 6.21 of the Ground Transportation Rules & Regulations restricts the use of vehicle holding areas to only those drivers, operators and permit holders conducting commercial ground transportation business at the Airport. For non-concession operators (excluding taxis), access is limited to those who have pre-arranged passenger information prior to entry onto Airport property.

The new September 21, 2016 edition of the Ground Transportation Rules & Regulations is now current. A copy may be obtained at the Authority website [www.orlandoairports.net](http://www.orlandoairports.net). Go to Airport Business, then GT Permit Office and Rules & Regulations.

The Ground Transportation Concourses are available for use only by vehicles-for-hire between the hours of 08:00 and midnight. At other times when closed, vehicle-for-hire drivers are to use the Commercial Lanes when picking up passengers, but do not leave a vehicle unattended in a Commercial Lane space. Drivers may use the Commercial Vehicle Parking Areas (CVPAs) to leave their vehicle unattended while in the terminal to locate their passengers. The CVPAs are located just past the entrance and just prior to the Commercial Lane exits. The entry end CPVAs are shared with taxis.

**Mears & Hotel Shuttles**
